Printable Measuring Tape

This measuring tape is provided for your convenience. Whenever possible,
it is preferable to use a proper, store-bought tape measure instead of this paper one.
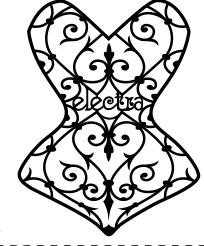

Printing

When printing please ensure that the following boxes are UNCHECKED in the print dialogue box:
• Shrink oversized pages to paper size
• Auto rotate and center
• Expand small pages to paper size

1. Print to scale.
2. Check against ruler to insure accuracy before assembly. All lines must match up exactly.

Assembly

1. Cut along dotted lines.
2. Line up along registration marks, folding grey ends under.
3. Use clear tape to join ends to form one, long measuring tape.
4. Reinforce the back of the measuring tape with a ribbon or thin strip of cloth using clear tape.
5. If your measurements exceed the length of this measuring tape, print two and join them together.
   Be sure to change the numbers on the second measuring tape so they are a continuation from the first.
